

# versa-chute™

An extremely tough, flexible chute for the transfer of abrasive materials

Versa-chute® was designed by PAR Group for the transfer and sorting of dry foodstuffs, grain, grit, powders, wood shavings and dust and other abrasive materials. All our Versa-chute® products are bespoke manufactured to your specific requirements.

**Abrasion Resistant.**

Manufactured from a highly abrasion resistant material with exceptional tear strength and wear properties.

**Flexible Design.**

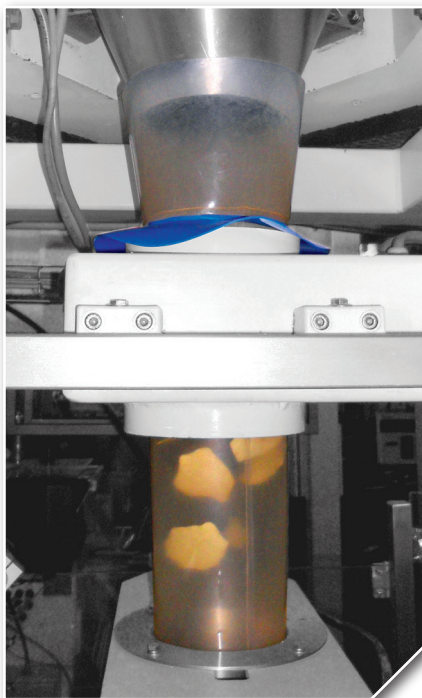

Tough, durable and extremely flexible, helping to avoid the contamination issues prevalent with brittle plastic chutes.

**Food Safe.**

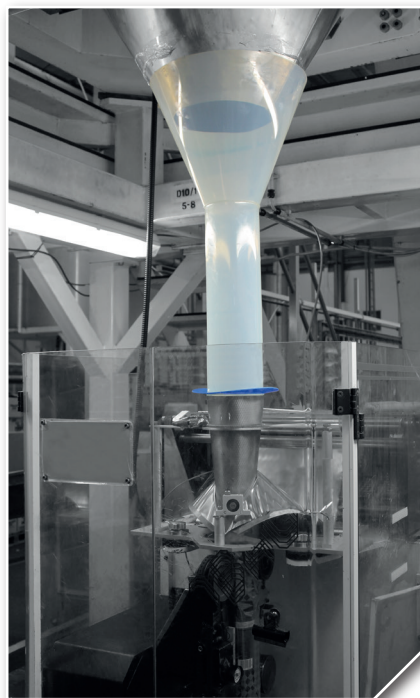

Food approved materials are available, with a metal detectable grade available if required.

**Key Features:**

- *Alternative to rigid plastic chutes.*
- *Reduces product contamination.*
- *Flexible and easy to remove from bag maker machinery.*
- *Now used in bag making applications by major snack food manufacturers worldwide.*

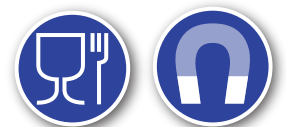

Versa-chute® Bag Maker Chute (1mm)
